for Immunology of Reproduction

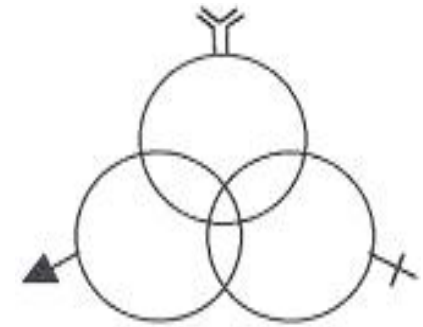

Session 13: Awards

ISIR 2023

XV World Congress of the International Society
for Immunology of Reproduction

- JRI Award (Basic and Clinical Science)
- ISIR New Investigator (Basic and Clinical Science)
- ESRI New Investigator (Basic and Clinical Science)
- German Society for Immunology Award DGfI
(Basic and Clinical Science)

XV World Congress of the International Society
for Immunology of Reproduction

Abstract Reviewers

Ole Christiansen
Anke Diemert
Gülsah Gabriel
Mariana Garcia
Brice Gaudilliere
Nardhy Gomez-Lopez
Udo Jeschke
Maciej Kurpisz
Joanne Kwak-Kim
Ledee Nathalie
Udo Markert
Andreas Meinhardt
Gil Mor

Akitoshi Nakashima
Marie-Pierre Piccinni
Sarah Robertson
Sandra Blois
Martha Garcia Rodriguez
Shigeru Saito
David Sharkey
Surendra Sharma
Satish Gupta
Emilia Solano
Annetine Staff
Julia Szekeres-Bartho
Nandor Than
Kristin Thiele
Renate van der Molen

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

Journal of Reproductive Immunology (JRI)
Award (Basic Research)

sponsored by the Journal of Reproductive Immunology

to

Ioannis Belios

for the presentation entitled

Vertical transfer of maternal pathogen-specific antibodies in
successive pregnancies and infection risk in infancy.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

Journal of Reproductive Immunology (JRI)
Award (Clinical Research)

sponsored by the Journal of Reproductive Immunology

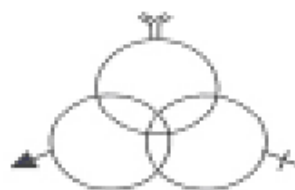

to

Kim van Bentem

for the presentation entitled

Preeclamptic oocyte donation pregnancies show differences
in peripheral T helper 1 and regulatory T cell cytokine profiles
compared to uncomplicated oocyte donation pregnancies.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

International Society for Immunology
of Reproduction (ISIR) Award (Basic Research)

sponsored by the International Society for Immunology of Reproduction

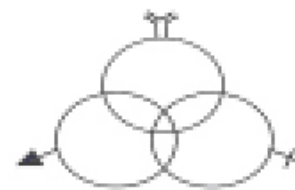

to

Alina Riedel

for the presentation entitled

The immune and metabolic phenotype is changed in fetal liver
upon systemic sFLT1 expression in preeclamptic mice which is
linked to adverse offspring metabolic responses.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

International Society for Immunology
of Reproduction (ISIR) Award (Clinical Research)

sponsored by the International Society for Immunology of Reproduction

to

Frederieke Gigase

for the presentation entitled

SARS-CoV-2 infection, inflammation and obstetric
outcomes in a prospective NYC pregnancy cohort.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

European Society for Reproductive
Immunology (ESRI) Award (Basic Research)

sponsored by the European Society for Reproductive Immunology

to

Lilja Hardardottir

for the presentation entitled

Uterine enrichment of CD8+ T regulatory cells throughout
pregnancy prevents fetal loss in mice.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

European Society for Reproductive
Immunology (ESRI) Award (Clinical Research)

sponsored by the European Society for Reproductive Immunology

to

Camila Consiglio

for the presentation entitled

Immune system adaptation during gender-affirming
testosterone treatment.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

German Society for Immunology
(DGfI) Award (Basic Research)

sponsored by Deutsche Gesellschaft für Immunologie e.V.

to

Kürsat Kirkgöz

for the presentation entitled

Overexpression of maternal sFlt1
(Soluble fms-Like Tyrosine Kinase-1) induces dysregulation
of galectin-1 at the maternal-fetal interface.

Award

The Board of the

XV World Congress of the International Society
for Immunology and Reproduction

is honoured to present the

German Society for Immunology
(DGfI) Award (Clinical Research)

sponsored by Deutsche Gesellschaft für Immunologie e.V.

to

Liseanne van't Hof

for the presentation entitled

Non-invasive method for fetal trophoblast
HLA typing in early pregnancy.
